#### The Feeling in Chicago.

CHICAGO, May 5 -The excitement of the general populace growing out of the massacre planned and carried out by the small band of anarchists and their blind followers last night is very great.
The city outwardly is very quier, but in street cars and at every point of gathering in the city, the events of last night have been seriously discussed. The words heard on every side are those of utter and abhorrent condemnation of the assult made on the police. The occurrences of Monday and last night are currences of Monday and last night are ascribed in the public mind to the teachings and recent utterances principally ings and recent utterances principally printed by order of senate be finds that blind followers last night is very great. DEMANDED. When the flring began last night Parsons was the only man seen to be recognized. He was in a liquor store at the corner of Desplaines and Lake streets, the Socialists head-quarters, within one hundred and fifty feet of the point where the deadly bomb was thrown among the ranks of the police. The fire at the police came from the same direction and it is sur-mised that the criminals obtained their guns and made Socialists' hall a tendez vous, and from thence they proceeded to make their assault. They were concealed behind boxes and barrels on the

They were in consultation when the officers came on them. They which ted alarm but made no resistance. They were taken quietly to the central police station, a block away, and up to 9 o'clock this morning the public had not been aware of their arrest. They are kept closely guarded, and no one is permitted to see them. It is not known what if any charges have been made against them, nor what is the exact pel-icy the city authorities intend to pursue.

MAYOR HARRISON exerts his ability to preserve absolute peace in Chicago without outside aid. He argues that the occurrence of last night could not have been foreseen and was an unparallelled event in American history. The entire police force is on duty today and its members are apparently in first class condition.

Bean's Appeal for the Capture of Geronime DENVER, May 4 .- The Republican's Washington special says: On explanation of the joint resolution which was nation of the joint resolution which was introduced yesterday by Delegate Bean of Arizona, authorizing the president to offer a reward of \$25,000 for the killing or capture of Geronimo, he states that Geronimo left the White Mountain reservation, accompanied by sixty bucks, about one year ago, and since that time he has raided a section of nearly 100,000 square miles in New Maxico, lower Arizona and northern Mexico. During that time nearly one fifth of the United States army has been in f-uitless prisuit, while some 300 inf to the United States army has been in fulless pursuit, while some 300 people have already been killed. The value of property destroyed cannot be estimated. In the interest of economy and humanity it becomes necessary to Kill OR CAPTURE this blood-thirs y and crafty Indian, and in Mr. Bean's opinion the quickest and surest method is to offer a sufficient inducement for mountaineers, frontiers-

inducement for mountaineers, frontiers inducement for mountaineers, frontiers-men or Indian secouls to embark in the enterprise. "Put a round price upon Geronimo's head," said Mr. Bean, "and he will certainly be killed or cap-tured. Our people care nothing for the means employed. What they most want and have not been able so far to obtain, is the possession of Geronimo; preferably dead, but either dead or alive."
